Dear Participant,

This guide serves to make your participation in the race with your four-legged friend by your side as smooth as possible. You'll find the relevant information about things you need to do before the race or when you arrive, about the process of registration and other important stuff.

Important things to do before the race

Make sure to check all the bullet points below! It would be annoying if you couldn't participate or had to start your day limbering up with 30 squats/page because you forgot something important!

- Check your registration and print the confirmation email you receive after applying. If you cannot print these documents, you may use a smartphone or tablet to present them.
- If you're unsure about the rules of the race, **read them** again!
- Visit our home page and download the **Responsibility Agreement** and **Privacy Protection Agreement**.
- The starting numbers you can find by logging into your account on the application page under Racer Management; the list containing the Applications got a new column that contains the starting numbers.
- If you applied for a discount, don't forget to bring all the relevant documents to validate your eligibility for it.
- Fill out the agreements, enter your starting number in the field in the upper right corner, then sign it.
- Check and prepare the passport or vaccination book belonging to your dog, as well as the deworming papers (unless those are in the vaccination book).
- Don't forget your dog's gear (collar, leash, harness, muzzle if necessary). Prepare a fresh set of clothes and a pair of shoes as well. We guarantee you'll be covered in mud and water before you finish the race.
- Bring a canteen if you think you'll need it.
- After you've prepared everything, put them in one place so you don't forget anything at home. All duos must have the agreements, the confirmation and the vaccination book. The human member of the duo must also carry a photographed ID. Agreements can be filled out at the race's location,

should you have forgotten (fee: 30 squats/page). Without these, you cannot receive your starting package and cannot participate!

Approximation and Parking

To access the Piliscsév motocross track area, please follow the information available at the link below:

Google Maps link,

Google Directions,

GPS: 47.67755353486411, 18.787972357740323

Parking

Parking will be available in two locations. Firstly, with the help of our colleagues, you can park in the parking spaces after the entrance to the Motocross track. Once these spaces are full, our colleagues will advise you in time to use the other car park, which is a dedicated car park opposite the railway crossing. The maximum speed limit in the car parks is 5 km/h. For the rest of the event, the speed limit is 10 km/h. We urge everyone to pay extra attention when crossing the road, as if you park in the large car park you will have to cross the road and walk approximately 110 metres to the entrance.

The parking area is not guarded! We are not responsible for any items left in the parking area!

The most basic rules – whether you participate, cheer for the others or rest

1. At the Racetrack is mandatory for dogs to use of harness and running belt or harness and leash in the event's area, dogs must always be kept on a leash, it's forbidden to set them free!
2. If your dog is aggressive or sociopathic toward humans or other animals, please muzzle it! **If necessary, put a yellow ribbon on your dog,** so you can signal it to others to pay attention. You're responsible for your dog's behaviour!

   There are some who think HDR is a good terrain for the dog to play a good or get to know other dogs. **So please, if you think HDR is not the ideal time and you want to avoid it, please indicate with a yellow ribbon already known and proven that you don't want to get 'friend'. The yellow ribbon clearly indicates: 'Keep distance! We won't be friends!**
3. You're responsible for your own and your dog's physical safety!
4. Everyone must collect their own dog's droppings and dispose of it in the bins, even in the designated dog potty area. Failure to follow this rule may lead to disqualification from the race!
5. Littering is forbidden! The bins are there so you can conveniently dispose of anything you no longer need. If you're caught littering, you may get disqualified from the race.
6. Only participants or organizer may enter the cordoned area, i.e. the track. Please cheer, take photos or make videos from outside the track! Photos and video recordings will be made of the event. You may be featured in these and they may be made public. By entering, you consent to being featured in these recordings that may be freely used by the organisers without limitation or compensation of any sort.
7. We'll try our best to take as many photos as possible, but we cannot guarantee you will be featured in HDR's photos.
8. Smoking is only allowed in the designated smoking areas! Not to encourage you or anything. Quite the opposite, really.

HDR BASE RACER'S GUIDE

Piliscsév | September 26, 2026

VIP parking | Registration | START / FINISH | HDR shop | Exhibitors / Sponzors | Dressing room | Recreation

Health care | Food | Toilet | Handwashing | Shower | Accessible toilet

Health and safety rules

1. 1. Keep your distance! Please keep a personal distance of at least 2 metres throughout the event
2. Hand disinfection facilities will be provided at the event. It is not mandatory but recommended! Please use this opportunity!

Registration

If a friend changes their mind afterwards and wants to come, they can also register on the spot, but only if there are a limited number of available starting slots. The entry fee for the HDR NJR is

Solo: (1 person + 1 dog) 29 900 Ft

3:1 (2 person + 1 dog) 49 448 Ft

This can be arranged at the Competition Centre at the on-site registration desk.

Please calculate your arrival so that you must **register 1 hour before your start time**. Please allow for the possibility of a wait. If there is a longer queue, our staff will bring forward those whose start time is very close. On-site registration is compulsory, you will not be able to start the race without it!

Registration process

1. First step is a veterinary check-up, a vet will examine your dog's vaccinations, chip, social behaviour, and health. When you are done, the vet will give you with a verification paper what you must hand over when you receive the start kit. You can't get your start kit without it!
2. Second step is to choose the queue pertaining to your starting number, prepare the necessary papers. First, your confirmation is checked, then you hand in your Responsibility and Privacy Protection Agreements (original, signed) and your identity is confirmed (valid photographed identity documentation is necessary). If you used a discount, its validity is confirmed at this step as well!

3. If everything’s fine, you receive your starting package: starting number, time measuring chip with armband, if you are not 18 years old, this will be marked on your armband, so please pick up the envelope after taking over so that we can put it on the label.
4. When you have received your starter kit, you are done here.
5. If any of your papers are missing, you need to leave the queue and head over to the problem sorting area. This is where you can get your agreements (fee: 30 squats/page). Get back to the registration queue only when you have your filled-out, signed forms!

6. After registration, before the race

You can leave your bag in the cloakroom, where we will keep it safe during the race.

To leave your bag, you will need the race number you received. Bags are registered based on the race number and name, so you do not need to worry about keeping track of a separate ticket or paper slip. **We are not responsible for any items left in the cloakroom.**

You can collect your bag after the race by providing your race number and name.

⚠ Please keep your race number safe, as you will need it to collect your bag!

You will find the changing room next to the cloakroom, where you can change clothes. The changing room is free of charge for all competitors.

Please do not use the restrooms for changing – we have provided a dedicated changing room for this purpose. Thank you for your cooperation!

We recommend that you arrive at the start area 5 minutes before your race starts. This time can also be used for warming up. However, you do not need to queue until your time window opens!

We will call each starting group and let you into the start waiting zone when it is time. There is no need to queue outside the start zone. Trust us – we won't take down the starting gate before everyone has had their turn, and everyone will reach the same finish line!

At the Start gate

Time slots: the first race starts at 9 AM, afterwards the racers may start every 15 minutes. The scheduled start time of the last heat is 14:00.

You'll need to start in the slot you chose at application, you can find your time slot on the starting package's envelope or on your starting number. You need to visibly wear your starting number and your time measuring chip on your wrist. Without these, you may not enter the starting area! The time slot is checked on your starting number when you enter.

There is no time limit for the race. Please be mindful of the dogs, they will be excited, maintain a 2 m distance. Be very careful to avoid accidents even in the starting zone.

On the track

The Base track is approximately (+/-) 6 km long, with (+/-) 16 obstacles, thigh-high climbs, lung-busting forest paths, eye-catching highs, challenges for man and dog.

There are marshals along the course to make sure the rules are followed, so if you need help, don't hesitate to ask.

Obstacles

There'll be an assistant at each obstacle who will tell you what you need to do if needed, monitors how you execute it, and warns you in case you're not doing it in the appropriate way. Assistants cannot help you physically (i.e. they cannot help you pick up stuff you'll need to carry, they cannot hold on to your dog etc.). Should you get into trouble, however, you can count on them!

It's possible for you to help your four-legged partner at the obstacles: you may pick up your dog 1 m before the obstacle, but you need to put it down within 3 meters of it after you've tackled it. If your dog is unable to overcome an obstacle, you can replace it with (30, 50, 70) regular squats, so you will stay in competition!

It's forbidden to lift the dog by its collar, hair, skin or any of its limbs! You may lift the dog in your arms, or by – or in – its harness. If the referee at the obstacle decides that you cannot get the dog to complete the obstacle in a humane way, or if the duo is taking long enough with the attempt that they're keeping up the safe progress of the racers behind them, they may mandate the racer to perform squats instead.

Your dog can run in front of you or next to you but if the dog is behind your back the running belt or the leash cannot be strained!

Apart from obstacles, the dog must complete the track on its own legs.

In case of injury, accident, give help and inform the nearest HDR employee!

If you leave the track way or try to cut off, we are disqualifying you immediately from the race!

Refreshment station

You will find a dog watering point in approximately every 1 km, a watering bowl for your dog! This is for four-legged partners only!

If you wish, you can also bring water with you. Glass bottles are not allowed on the track. Littering is strictly forbidden in the entire event area, anyone caught littering or not picking up dog poo from the course area will be immediately disqualified from the competition!

Please remember that the bottles are subject to a deposit! Please do not throw them away. Instead, place them in the collection bins provided throughout the festival area.

The deposit fees collected from the returned bottles will be donated to charity.

With this small gesture, together we can make an even bigger difference for a good cause!

Time measurement

At registration, you will receive a timing chip that records your time, which will be used to determine your result. The timing chip must be secured around your wrist, and it will be cut off at the finish line. If you lose the chip, you will not receive your finisher's package, only the water provided at the finish line. The chip deposit is HUF 4,000. If you lose the chip, you will have to pay this amount at registration. Upon presenting the receipt confirming the payment, we will hand over your finisher's package.

In the pictures, you can see what this UFO timing device will look like and what to expect. However, there are a few practical and technical details you will need to pay attention to:

- The chip must be worn on your wrist.
- There are three timing points: at the start, on the straight section before the finish line, and at the finish line. At all three timing points, there will be a UFO timing device on the timing columns, operated by Runtiming.

- Only a time recorded correctly at all three timing points will be considered a valid result. At each point, the chip must be properly tapped against the UFO. The chip must be touched to the center of the device. A correct tap is confirmed by both an audible and visual signal (the light on the device will illuminate). Please do not hit or slam the chip against the device – simply touch it to the center.

At the finish line

Once you're past the Finish gate:

- you get the medals and feel appropriately proud about your achievement.
- our volunteers cut off the chip from you and put it away (you may ask for the armband back if you wish)
- they check your T-shirt size on your race number and hand you over your finishing package. Please let us know immediately if you receive an incorrect size! It is not possible to make a change after the competition!
- Don't forget that hydration is important, take a glass of water from the table at the end of the finish line.

All unofficial results will be immediately displayed on the time measuring company's website, accessible here: https://runtiming.hu/verseny/hdrhu24

Prizes

Prizes will not be sent by post, and anyone who does not attend the announcement of the results or is not collected by a representative will forfeit their prize.

The awards will be presented in the individual women's, individual men's and team categories at an estimated time of 15:15-15:45. This may change depending on the arrival of the last competitor who started the race at 14:00. Prizes for the runners-up have been donated by Royal Canin, AdTab (Elanco), N.P.CS, Netfone, Sanytol, Gosbi, Thomas, Varta, Moments, Petwisecare, Bioderma and Theodora.

Festival area

Visitors may spectate and enter the area of the event FREE OF CHARGE. They may take photos, but they need to adhere to the rules, and they may not enter the closed-off area of the track. This is where the starting and finishing gates are as well, these will be marked with signs from the parking area. Only HDR accredited photographers can enter the race field.

What else can you find in the festival area?

The HDR BASE festival area is located within the Piliscsév Motocross Track.

Visitors may only stay within the festival area (free of charge) and are not allowed to enter the race course.

The start and finish areas are also located here, and they will be clearly signposted from the direction of the parking area.

Only HDR-accredited photographers are permitted to enter the race course.

Shower and dog wash

Here you can get the mud and dirt off your four-legged companion and yourself if you feel the need. You will be able to change in the designated tents in the Exhibitor area marked on the map.

Restrooms

You will find the restrooms at the location marked on the map. Please do not throw dog poop bags in the toilet/ urinal under any circumstances!

CAMPING OPPORTUNITY IN PILISCSÉV – FRIDAY NIGHT

If you are already coming to Piliscsév on Friday evening, you have the opportunity to camp overnight!

Here is all the important information and rules:

● You can camp with a tent or a camper van/motorhome.

● The fee is HUF 6,500 (the same fee applies to both tents and motorhomes) – payment is required upon arrival.

● The fee includes the use of the central toilets. There are no indoor shower facilities available; only the outdoor competitor dog wash and shower area will be in operation.

● Please park in the available spaces. Respect the restricted area – parking there is not permitted!

● Please pack up your tents by 7:30 AM on Saturday morning.

● Please follow the instructions of our staff assisting with parking regarding the parking arrangements.

YOU CAN CAMP AT
PILISCSÉV THE NIGHT
BEFORE THE RACE!
For Friday night!
HDR
BASE
HARD DOG RACE®

Eat-Drink-Dine-Dancing on the Base!

HARD DOG RACE BUFFET MENU

On Saturday, the catering team at the MX Track.hu / Piliscsév – Esztergom venue will be waiting for you with the following menu!

Card payments will also be accepted at the buffet.

Who can you meet at the Race Centre?

Have your photo taken with the Vizslafotózás team!

You can have your own HDR photo with your dog at HDR BASE this year too.

The Vizslafotózás team will be at Hard Dog Race BASE again this year.

If you would like a photo of you and your dog with an HDR-themed background, **the photo session is free with pre-registration**. Free registration is available until **September 24, 2026, at 11:59 PM**.

Registration and all important information: vizslafotozas.hu/hdr/

You can also register on site, for a fee of **HUF 1,000/person/session**.

The photos will be taken by photographers previously mentored by Vizslafotózás, **under Péter's professional guidance**, while Andi will welcome you at the venue and help you with everything you need.

Vizslafotózás has been present at every HDR BASE for nine years, so they know the day well: things get busy, many people want photos, and queues may occasionally form. Therefore, this year you can also expect a **quick and simple HDR photo session**. If you only know Vizslafotózás from Hard Dog Race, their registration page will also give you a little insight into who is behind Vizslafotózás and how they work when they have more than just a few minutes with a dog and its owner. And of course, feel free to stop by even if you are not taking photos. Andi and Péter are always happy to have a chat or take a selfie with you.

See you at the Vizslafotózás tent at HDR BASE!

HDR SHOP

🐾👕HARD DOG RACE T-SHIRTS AND THE BRAND-NEW HDR LEASH & COLLAR SET AT THE HDR SHOP 🐾👕

Whether you come before the race, still nervous and excited, or after the race, proud (and muddy...), make sure to visit the HDR Shop tent! **Wear the experience, not just the memories**!

We have also prepared some brand-new products, so make sure to stop by! There will be **HDR COLLARS AND LEASHES IN LIMITED QUANTITIES**, as well as **X. HDR COMMEMORATIVE T-SHIRT,** available in both grey and black!

You can also **pay by card** at the Shop!

And don't forget: **we don't have a webshop**, so you will only be able to purchase the products you want **on site at the event**.

HDR x BREAST CANCER FIGHT!

Although October will be the month of the fight against breast cancer, we are already cooperating with the Breast Cancer Info Association in advance, so that you too can stand up for this good cause prepared. If you would like to join the ranks and help / support the work of the Breast Cancer Info Association to the best of your ability, then look for the HDR X BREAST CANCER INFO ASSOCIATION T-shirts in the shop! After the purchase of every T-shirt, we donate HUF 2,000 to the Association!

Royal Canin

For over 55 years, Royal Canin has been the expert in precise nutrition, helping dogs perform at their best through every life stage – even on the Hard Dog Race course. Every recipe is developed around dogs' unique nutritional needs to provide the optimal balance of nutrients.

Visit the Royal Canin booth, test your knowledge, sign up for My Royal Canin, and you can leave with a valuable gift!

Want to learn more about your pet? Subscribe to the My Royal Canin newsletter and get useful tips every month!

AdTab™ Chewable Tablets

An easy-to-administer flea and tick treatment for dogs and cats.

Get rid of fleas and ticks on your dog or cat with ease. AdTab™ is a small, specially flavoured chewable tablet for dogs and cats that works quickly against fleas and ticks.

It is safe and effective for one month.

The product can be used for dogs aged 8 weeks or older and weighing at least 1.3 kg, and for cats aged 8 weeks or older and weighing at least 0.5 kg. AdTab™ tablets are available in different sizes so you can choose the one suitable for your dog or cat's size and body weight.

Natural Pet Care System

Spin and win at the Natural Pet Care System tent! Our partner is a creator of natural premium products with veterinary medicinal effect, developed with expert veterinary knowledge. They are the producers of Burgimmune Premium Immunoenhancer Combination.

Coupon holders can try products from the Natural Pet Care System line:

Validity: 31/12/2026
For a single purchase at the Natural Pet Care System webshop.

Use the below link to order: hdr.naturalpetcaresystem.com Maximum product value discounted: total of 130EUR of any N.P.C.S. product.
Discounts can not be cumulated.

Netfone

Come and visit us at the Netfone Telecom booth!

Come and play with us and show us how well you handle mobile phones! If you're good at it, you'll win a gift, and among the players, we'll raffle off the following prizes before the award ceremony:

1 × OutIn Fino portable electric capsule coffee maker

1 × Samsung Galaxy A17 5G smartphone with 10 months of free Netfone subscription, including unlimited calls and 100 GB of mobile data per month.

At the Hard Dog Race, you and your dog make the ultimate team, and in everyday life, you can make an unbeatable team with Netfone Pettel! With your Pettel subscription, you can also support orphaned animals!

Sanytol

Mud? Bring it on. Stains? Not for long.

After the Hard Dog Race, leave the cleaning to Sanytol! The Disinfecting Stain Remover Powder takes on stubborn dirt and disinfects, while the Disinfecting Laundry Additive provides hygienic cleanliness even at low temperatures, helping to eliminate 99.9% of bacteria, fungi and viruses*, while also removing the bacteria that cause unpleasant odours from textiles. So when the next race begins, not only you, but your gear will be ready for the challenge.

*Use biocides safely. Always read the label and product information before use.

GOSBI

THE “MYSTERY BAG DOG” GAME HAS STARTED AT THE GOSBI STAND!

Take a photo of your dog in front of the Gosbi tent and upload it to the Gosbi Hungary Facebook page in the comments under the event giveaway post.

Then follow the Gosbi Hungary Facebook page. Once you've done that, great prizes will be waiting for you at the Gosbi team!

Everyone wins today! And what do you win? A MYSTERY BAG DOG!

See you at the GOSBI tent!

GOSBI products are distributed in Hungary by Inter-Mix Kft.

Thomas

Muddy paws? THOMAS – For a clean home!

Visit the THOMAS stand, where we will showcase our premium vacuum cleaners and cleaning machines designed for homes with pets!

Discover how you can easily remove stubborn pet hair and muddy stains in a single step.

Our experts will be waiting for you throughout the event with useful advice and product demonstrations at our tent.

And don't forget: competitors can now get **15% off selected products**!

To purchase, visit www.thomasshop.hu and use the **HDR2026** coupon code, valid from **September 24, 2026 to October 25, 2026, or while stocks last**.

See you at the event!

Varta

VARTA has been one of the leading international manufacturers in the consumer battery segment for more than 130 years.

In addition to batteries, VARTA's product range includes rechargeable batteries, power banks, chargers, flashlights, button, photo and watch batteries, as well as hearing aid batteries.

VARTA is the best-selling battery brand in Hungary.

German precision, German manufacturing – safety and quality.

Schultz Box

At Schultz Box, we don't simply make dog crates – **we provide peace of mind and freedom for families with dogs.**

Instead of mass production, we choose uncompromising individuality.

We design and manufacture premium dog crates that perfectly meet the unique needs of owners and their pets.

Our products guarantee the highest level of safety, style and comfort – both in the car and at home.

Every crate is made with passion, engineering precision and attention to the smallest details, because we believe that four-legged family members deserve the very best.

Our mission is to support responsible pet ownership and build a community where safety and premium design go hand in hand.

Dog Gear

Meet us at the Hard Dog Race at the Dog Gear tent!

We'll be there from the opening of the gates until the awards ceremony with Hungary's largest selection of running products for dogs. What's more, numerous Non-stop products will be available with a 20% discount, and when purchasing Ruffwear products, you'll also receive a free toy while stocks last.

We're preparing with a HUGE selection of products! It's going to be an exciting day, and as always, we'll do our very best to help everyone.

Please be prepared for queues during peak times, so if you need something urgently, please make sure to visit us in time!

We wish you lots of fun at the race!

PetWiseCare

With the PetWiseCare mobile app, a veterinarian is always right in your pocket!

As a pet parent, countless questions can come up: Is this symptom normal? Can it wait until morning? Do we need to see a vet?

Through PetWiseCare's online veterinary chat, you can quickly get professional advice, send photos and videos, and receive guidance from Hungarian veterinarians on what to do next. The app also allows you to keep all your pet's health information in one place, so there are no more forgotten vaccinations or deworming treatments. It also provides useful educational content created by veterinarians to help you take better care of your pets.

PetWiseCare – Your vet in your pocket.

https://petwisecare.com/en/veterinary-online-help-anywhere-anytime/#allatorvosonline

Woofizio

Woofizio canine physiotherapy will be waiting for you at the start!

Every hour on the hour, we invite you to join our **group warm-up session**!

At our stand, learn how physiotherapy can help sport dogs, senior dogs and dogs recovering from surgery, as well as help prevent injuries.

Try out our physiotherapy equipment and feel free to ask any questions!

We will also have gifts, treatment discounts with no expiration date, and a draw for **3 free treatment sessions.**

We can't wait to see you!

Further Information

If you would like to make purchases, make sure to bring some cash with you, but card payments will also be available at certain locations! Card payments will definitely be available at the HDR Shop.

If you are racing with an action camera or attaching one to your dog, **make sure to put your details (name and phone number) on it.** If you lose it on the course and we find it, we can return it to you.

If you find something that does not belong to you, please hand it in at the **Race Centre, at On-site Registration**. You would certainly be happy if something you thought was lost turned up!

HDR, as the organiser, reserves the right to modify certain parts of the course or cancel the event in the event of extreme weather conditions, in order to ensure the safety of competitors and organisers.

Emergency medical care is available to all participants, both two- and four-legged. If you are injured, please notify an HDR staff member so that we can provide assistance as soon as possible.

HDR follows the spirit of **Fair Play**. If you fail to help a fellow competitor in trouble, or behave in a way that endangers others (for example, failing to pay attention to your dog, not keeping a safe distance, pushing, or deliberately preventing faster competitors from passing), **you may be disqualified from the race**!

The finisher's medal and finisher's package are only awarded to those who complete the course according to the rules.

See you at the start! Good luck!
